silicon and, 412

Economics

- chemistry, management and, 22
- Education
elementary chemical, 29
- higher, employment and, 341
- lectures, seminars and tutorials in, 515
- qualifications in EEC, 550
- technicians, 501
- Electronic structure
in solids, high pressure and, 353
- Electrochemistry
of molten salts, 16
- Electro-optical properties
liquid crystals for, 213
- Employment
chemistry graduates, 409
- chemists, 510
- of graduates, 47, 124, 555
- higher education and, 341
- PhD graduates, 498
- Energy resources, 537, 559
- Environment
industry and, 400
- pollution of, 267
- Euglena gracilis*
sterol metabolism in, 108
- EEC
chemicals and, 316
- qualifications in, 550
- UK chemical industry and, 2
- UK scientists and, 546

Federation of European Chemical Societies, 546

- Film reviews
Air — my enemy, 245
- Covalent compounds*, 245
- Kellog Ammonia Converter*, 245
- Tin research*, 245
- Flash vacuum thermolysis, 206
- France
education in, 550
- Fungicides, 225

Galactochemistry, 450

- Gel permeation chromatography, 112
- Germany
chemistry in, 541
- education in, 550
- Graduates, 124
chemistry, employment, 409
- employment, 47, 555
- PhD, employment, 498

Hamiltonian models

- in solvation theory, 303
- Heath, Edward
interview with, 51
- Herbicides, 225
- Hungary
chemistry in, 547

Hydride complexes
transition metal, 344
Hydrogen
economy of, 559
Hydrosphere
lead in, 260

Iliff, Neil Atkinson
obituary, 364
India
science and technology in, 232
Industrial Relations Act 1971,
313
Industry
in EEC, 2
environment and, 400
multinational companies, 385
Innovation, 407

Keller plan
teaching by, 164
Kolthoff, Professor I. M.
interview, 440

Lead
pollution by, 258
Lectures
in education, 515
Lipid bilayers
relaxation in, 118
Liquid crystals, 213
Liquids
computers and, 54

Macromolecules, 396
Man
future of, 398
Management
chemistry, economics and, 22
chemists and, 507
courses, 20
in UK industry, 256
Marine ecology, 103
McLellan, James
interview with, 276
Membranes
biological, nmr, 116
Metabolism
of sterols in plants, 106
Mixed crystals, 495
Molecular weight
calculation, 114
of macromolecules, 397
Moon
surface chemistry, 456

Nmr
biological membranes, 116
Nobel prizewinner, 539

Obituaries
Adam, Neil Kensington, 571
Adams, Frederick William, 415
Bell, David James, 278
Bibby, William Eric, 570
